

## Research projects

The last three years Hedmark University College has received external research funding from Research Council of Norway (RCN) and other peer-reviewed national and international research funding agencies: Nord forsk: Research Fund administered by the research councils in the Nordic countries. RFF: Regional Research Funds Norway, administered by The Research Council Norway, DRC (Danish Research Council) and a small amount as partner in a EU7RP. Since 2007 the external research funding is approximately 115 mill NOK. The largest projects are listed here:

Project	From (Year)	Funding Source	Funding
Multicultural kindergartens in rural areas	2007	RCN	NOK 5,6 mill
Use of digital tools. The pupil as an active producer of knowledge	2007	RCN	NOK 3 mill
Musical gentrification and cultural diversities. Music's impact on social change and inclusion/exclusion processes	2012	RCN	NOK 7,7 mill
Learning regions	2012	RCN	NOK 0,6 mill
The function of special education	2012	RCN	NOK 4,4 mill
Learning Spaces for Inclusion and Social Justice: Culturally Diverse School Communities in five Nordic Countries	2013	Nordforsk	NOK 1,6 mill
Contemporary Poetry between Genres, Art Forms, and Media	2013	DRC	NOK 0,8 mill
Extinction mechanisms in small populations: Linking theory, experiments and observational studies in a comparative setting	2008	RCN	NOK 6 mill
Intelligent monitoring of fish and wildlife: Linking ecological theory to achieve a science based management	2011	RFF	NOK 3,5 mill
Forest and moose - can increased forage production reduce browsing damage?	2011	RFF	NOK 3 mill

The effect of vole population cycles on the boreal forest ecosystems dynamics (BECODYN)	2012	RCN	NOK 12,6 mill
International Research School in Applied Ecology (IRSAE)	2012	RCN	NOK 23,2 mill
ComEnvir - Communicating environmental impacts on water quality, availability and use	2009	EU 7RP	NOK 0,2 mill
Proteins in evolution	2009	RCN	NOK 7.4 mill
Successful fertilization	2012	RFF	NOK 3,6 mill
Boar fertility	2012	RFF	NOK 3,5 mill
Liquid Array Diagnosis (LAD) technology for high-throughput multiplex screening of point mutations	2013	RFF	NOK 0,5 mill
Citizens in The Inland Region Norway. The political landscape	2013	RFF	NOK 0,2 mill
Understanding policy change: Financial and fiscal bureaucracy in the Baltic Sea region	2013	EEA	NOK 0,4 mill
Mental Health Promotion by Recovery-Oriented Green Care Services (ROGCS)	2010	RCN	NOK 6,5 mill
Cognitive therapy	2013	RFF	NOK 0,5 mill
Schools, learning and mental health: a study of school-level factors and processes	2014	NFR	NOK 18 mill

RCN: Research Council Norway

Nord forsk: Research Fund administered by the research councils in the Nordic countries

RFF: Regional Research Funds Norway, administered by The Research Council Norway

DRC: Danish Research Council

EEA: EEA Grants

The official Norwegian Statistics show that the percentage of journal articles published together with colleagues internationally is between 50 % (2012) and 43 % (2011).
